My favorite food.

Yesterday I went to a Sushi Shop with my family to coreblate the birthday on my father (Sushi is the most favorite food of my father. and of course me!) There are a lot of attractive ingredients in the menu of the Sushi Shop. but my most favorite ingredient is octopus. its taste and texture is so wonderful that I of course ordered it yesterday. And when I ate it. my teacher appeared in my mind because his tentacle looks like the octpus. I wonder the taste of my teacher's tentacle...

That's right!

I love sushi too!!

My favorite ingredient is botan-ebi.

No major mistakes in your grammar and you even end the last sentence with a joke. This is a wonderful diary entry!!
